Some of our menu items may be served raw or undercooked. The Commonwealth of Massachusetts has determined that consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase the risk of food borne illness.

Consumer Advisory regarding mercury in fish

Pregnant and nursing women, women who may become pregnant, and children under the age of 12 are advised to not eat the following fish: swordfish, shark, king mackerel, and tilefish. Tuna steaks and canned white albacore and chunk light tuna consumption should also be limited. These fish contain levels of mercury which the EPA and FDA agree can be toxic to a developing neurological system. *More information can be obtained from this establishment upon request.
